

## **Regulations for the visit to the King of Aragon's Stairway**

### **Listed as a historical monument and picturesque site in Corsica**

The discovery of this work of art requires a good physical condition. It is a matter of descending and then climbing 187 steps cut irregularly in the rock.

This exercise is not recommended for people with a heart condition and not in good physical condition, as well as for pregnant women.

#### **Conditions of access to the site:**

Wearing a helmet (provided)

Wearing a mask

Accompanied children only

Baby carrier for children under three years of age.

Wear closed flat-soled shoes only.

#### **In order to better guarantee your safety and the quality of the exceptional experience to be lived:**

Access to the site is limited to 50 people per half hour.

The ticket office is open until 30 minutes before closing time.

Dogs are prohibited.

The site is closed in case of Yellow Alert: strong wind, force 2 .
